EMAIL: info@blackbrookspringers.com

PHONE: (715)338-5253

www.blackbrookspringers.com

Thank you for choosing BLACKBROOK SPRINGERS as a source for your puppy. Our goal is to preserve old school Springer confirmation because that is our roots, but also provide dogs that fit the new Field Springer Spaniel critique. We searched the United States and beyond to bring essential qualities into our diverse breeding program. The pedigrees in that program are handpicked, and not by championships alone. The components necessary are health, disposition, and intelligence, these are critical to what we want to achieve for you and Blackbrook Springers.

INFORMATION FOR PURCHASE OF: ENGLISH SPRINGER SPANIEL

CUSTOMER (Buyer): _____

AKC REGISTERED SIRE: _____

AKC REGISTERED DAM: _____

PUPPY: _____ MALE _____ FEMALE

BREEDER (Blackbrook Springers) COMPLETES THE FOLLOWING ON BEHALF OF THE PUPPY AND THE CUSTOMER (Buyer) BEFORE IT IS REMOVED FORM OUR OWNERSHIP: Tail docked, dew claws removed, micro chipping, 1st set of shots, dewormed, puppy book and preemptive AKC registration paperwork.

BLACKBROOK SPRINGERS TERMS AND CONDITIONS

The deposit of \$500 can be made through PayPal to blackbrookspringers@yahoo.com . If you choose the option “friends and family” there is no service charge. We have one other opportunity for deposit and that is payment through “Walmart to Walmart” for Wisconsin State using our contact information (Wesley Berg or Christine Berg). Deposits are non-refundable and required to hold a puppy and pick placement of the above stated litter. Deposit does guarantee you a puppy from future litter if one is not available from deposit litter. Final payment or balance is due when the puppy reaches 6 weeks of age.

Pick Positions: Positions are placed upon first come deposits. We take deposits of 2 males and 2 females (BLACK/WHITE) per litter before the puppies are born (this is first and second picks for both genders). Once the litter is born, we send out notifications to customers on our waiting list. When you return notification, and inquire about a puppy, we tell you what pick position is available. Then it is first come first serve..... and we are extremely careful, dates and times are sometimes critical. DEPOSITS ARE NON-REFUNDABLE UNDER ANY CIRCUMSTANCES!

Picking your puppy: This is a great day for everyone, and we strive to make it exciting and informative. When the puppies reach 5 weeks of age, our customers (chronologically) make their picks either in person, video conference or photographs. Puppies will get their identification finalized until pick up day. At this time final balance must be sent out. If balance has not been paid within the puppies’ 6th week it can be relinquished to another buyer. The deposit may be transferred to a future litter, but only at the discretion of the Breeder.

Pick up day: All puppies are picked up between 6 – 8 weeks of age. Any puppy remaining with Blackbrook Springer Kennel after it turns 8 weeks, the customer (buyer) will be charged a boarding fee of \$15 a day. Your puppy comes with a puppy pamphlet explaining the dos and don’ts, feeding schedule and breed information. Our customer also gets the AKC registration paperwork and a Purina puppy care kit.

Puppy AKC Registration requirements: Above puppy must have our kennel name in the prefix or suffix of the registered name (example: Blackbrook(s) _____ or _____ of Blackbrook). Regardless of full or limited registration, this is monitored and is a requirement of the above said Breeder. These terms can be subject to litigation and/or a fine of; but not limited to \$500.

UNDER NO CIRCUMSTANCES DOES BLACKBROOK SPRINGER KENNELS GRANT REFUNDS OR ACCEPT LIABILITY FOR MEDICAL EXPENSES, VETERINARY FEES, OR ANYOTHER EXPENSE RELATED TO THE CARE OF YOUR PUPPY.

Buyer understands that a SPRINGER SPANIREL is an energetic breed and is not for everyone. It is the buyers’ responsibility to properly care for, socialize and train/get training for their Springer Spaniel. Springer’s do not do well without the attention of a family member and tend to get in trouble when left in seclusion. Blackbrook Springers accepts no responsibility for temperament or behavior problems that may occur.

BLACKBROOK BREEDING RIGHTS and GUILDLINES

IF YOU ARE GOING TO BREED, YOU MUST BE A RESPONSIBLE BREEDER! ANYTHING PERSUEANT OUTSIDE OF THESE GUILDLINES ARE SUBJECT TO REVICATION OF BREEDING RIGHTS AND A FINE BY THE ABOVE BREEDER CAN BE IMPOSED.

Dog is a minimum of 16 months old prior to breeding and has had their hips looked at by a licensed Veterinarian.

Dog is AKC registered and is only matched with a AKC registered mate, with comparable or better disposition and confirmation. DNA testing would be a bonus to that pedigree, but not required.

Buyer, if female is owned, must register puppy litter with AKC Association.

BLACKBROOK HEALTH GUARANTEE

IT IS OUR BEST INTEREST AS A REPUTABLE BREEDER TO SELL YOU A HEALTHY PUPPY. IN ORDER FOR THIS HEALTH GUARANTEE TO BE VALID, THE FOLLOWING CONDITIONS MUST BE MET:

- ✓ You must take your puppy to a licensed veterinarian within 10 days of taking possession for a general health check, failure to do so will result in all guarantees to be null and void.
- ✓ Puppy remains current on all vaccinations and de-worming, and all puppy shots as recommended by licensed veterinarian.
- ✓ Guarantees are only extended to the original purchaser and are NOT transferable.
- ✓ All Blackbrook Springer puppies receive a 24-month health guarantee against crippling/severe hip dysplasia. This must be certified by the Orthopedic Foundation for Animals (OFA). Trauma, accident, reckless handling, over feeding, over exercising must not be in question and must be stated as such on the veterinary report of said puppies' overall condition. If the above serious health condition does occur with your purchased puppy, and the dog/bitch has not been bred. The breeding of said dog in this contract voids all warranties. We will replace the pup with the next available puppy (defective puppy must be spay/neutered, and proof must be provided). Replacements are made when puppies are available. No guarantees as to the time frame of the replacement, and buyer accepts responsibility of pick up or all shipment costs.
- ✓ Please be advised if there are any other common health issues of the Springer breed, those conditions do not apply to this health guarantee.

We hope you have read this contract over very carefully. This form has been drafted and signed pursuant on the protection of both parties, the seller, and the buyer. Please do not forget what terms void this contract, and what terms are subject to fine or revocation of breeding rights. We take our breeding program and reputation seriously because Blackbrook Springers and our family name depend on it. If the buyer so chooses, the buyer may inform seller of address change and remain in contact with the breeder for a lifetime. Your pet is a lifetime commitment, and we are committed to your experience with us.
